## Systèmes, combinaisons et flexibilité

Si le système vous permet de ranger votre matériel de manière claire et efficace, les exigences en matière d'ordre et de rangement diffèrent d'une personne à l'autre. C'est pourquoi les solutions de rangement doivent être systématiques et conviviales. Deux caractéristiques que l'on retrouve dans tous les produits raaco.

D'une grande flexibilité, les produits peuvent être combinés non seulement au sein d'une même gamme, mais aussi entre les différentes gammes. Nous vous proposons de nombreuses possibilités de combinaison entre les malles de rangement Assorter aux formats A4, A5 et A6, les boîtes PocketBox, CarryLite et Boxxser, les boîtes à outils Compact, les malles ToolCase et le tiroir pour casier 250-3.

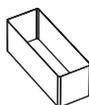

Grâce à la vaste sélection de godets, vous pouvez aménager votre produit raaco selon vos besoins et le réaménager tout aussi facilement. Les godets et le contenu restent bien en place grâce au système de montage spécifique. En outre, les godets amovibles permettent de saisir facilement toutes les pièces, même les plus petites.

### Godets série 55 - hauteur 47 mm

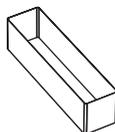

**A9-1**

39 x 55 mm

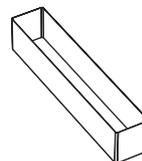

**A9-2**

39 x 109 mm
